Boy Scouts of America Merit Badge Workshop Program

Your financial leadership will positively affect more than 22,000 youth & families this year.

What is a Merit Badge?

Merit badges are awards earned by youth members of the Boy Scouts of America based on activities within a specific area of study. The purpose of the merit badge program is to allow Scouts the opportunity to explore, learn, and develop life skills, and self-confidence by achieving goals. With over 100 merit badges offered, from Business to Science and Sports, Scouts can increase their skill and knowledge to help them in their educational pursuits and also gain insight into various careers or avocations.

Youth Benefits

Scouting provides an opportunity for youth in Idaho to grow physically, mentally, and morally in after-school and weekend activities. By participating in Scouting's structured and safe activities, youth will engage in year around program designed to teach ethics, character and values. There is no better time than now to help guide our youth in positive directions and imprint the qualities to become tomorrow's leaders.

- Positive sense of self-worth and usefulness, and service to other
- Caring and nurturing relationships with parents, other adults and peers
